Dear Sir

I wish to press 2
things before you

(1) Govt. should be more
generous regarding the issue of liquor
permits. There are habitual & S. K.
and others who are accustomed
to some alcoholic drink. They are
more of positive and strong and they
are the persons who are likely to
abuse any concession given to them.
Many are compelled to take a
drink on medical advice, and these
persons can afford the extra
expenditure also. You are fully
aware of the evils of illicit
prevailing in S. K. Because people
can't get a permit, they are
forced to disregard the law. All
this could be avoided, if Govt
is more generous in the matter
of the issue of these permits, and I

I dare say Mr. Smith & Companions
will [illegible] the public will be
forthcoming also, if this Book
demand is exceeded.

Upon Plan 2d. point I am
to observe is this - that
Mr. Parker's scheme, which
Mr. Smith is going to introduce in the
near future in Nairobi, may be
extended to other areas also.
I particularly plead for S. Kavirondo.
Such Society is [illegible] for Native
the Christian population, especially
the Labouring and Native
Class, are accustomed to some
alcoholic drink or other - they are
[illegible] 2 ways.- It is impossible
for Natives to secure a Liquor permit.
and at the same time they are
deprived of their usual. Sale of
Native [illegible] for illicit.
Distillation which is going on a
large scale in S. Kavirondo. The
introduction of a palm juice saloon
is a wise step. And any profits
that the benefit of this new
scheme may be given
back to the public.

Yours faithfully
[illegible]

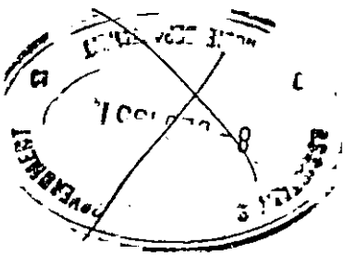
31.8.51

Camp:Madras,
Dated: 7th Dec.1951.

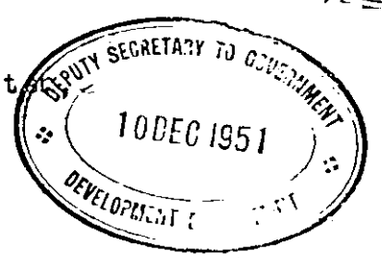
From

B.Subbanna Shetty,
Member, Dt.Prohibition Committee,
South Kanara.
Byndoor.



To

The Hon'ble Chief Minister,
Government of ~~Madras~~,
Madras.



Respected Sir,

Sub: Prohibition - opening of sweet toddy shops in South Kanara and exemption of fishermen from Sales and Income Taxes - prayed for.

---

Since the introduction of Prohibition in our district, there are about 94 Palm and Cocoanut jaggery manufacturing Co-operative societies. These societies are now catering the needs of the peop But however in these days of scarcity of food and semi-starvation, people particularly from the lower ranks generally want to take ~~xxxx~~ sweet toddy which is considered good from the health point of view also.

2. At a meeting of the Dt.Prohibition Committee held some two months ago, I moved that sweet toddy might be sold through the Co-operative Societies to the people and the Committee has agreed to my suggestion and has recommended to the Government for the opening of two sweet ~~toddy~~ toddy shops in the South Kanara District, as an experiemental measure. I understand that this concession is extended to some other districts in our state and it is not known why our district should be treated differently. I therefo request that sweet toddy might be permitted to be sold in our district also.

3. Another point I wish to bring to your kind notice is that there are more than30000 fishermen on the West Coast of S.Kanara Dt These people are fishermen by profession hereditarily and live on the income from it. But unfortunately, they are now burdened with the sales tax and incometax though their income and business turn-over does not compare favourably with the agriculturists. These

6

agriculturists are exempted both from the payment of both Sales and Incometax, though both the fishermen and the agriculturists are on the same footing - the one grow food products while the the other actually catch fish.

4 It is therefore requested that the fishermen might be treated as agriculturists for the purposes of levying Sales and Incometax and they may be exempted from the pavment of such taxes. As however, the Incometax is a Central Subject, the Hon'ble Chief Minister may be pleased to take up this issue with the Central Government while the Sales Tax issue may be decided by the State Government.

Pray for early and favourable orders,

Yours faithfully,

B. Subbamma Shetty

To
The Assistant Secretary
Board of Revenue (Excise),
Chepauk, MADRAS.

R.C.128444/51-X.6 Dated 13--9--1952.

Sub: PROHIBITION - AMELIORATION - South Kanara District - Opening of a Neera Parlour at Mangalore - Proposals - Submitted.

Ref: 1) Government Memorandum No.93110 S/51-1 Development Department dated 3-9-1951
2) My letter R.C.128444/51-X.6 dated 30-4-1952.
3) D.O. Letter No.128444/51-X.6 dated 18-7-52 of the Deputy Commissioner of Prohibition (Amelioration) and Joint Registrar of Cooperative Societies and
4) Board's C.R.32924 Abk/52 AI dated 13-8-1952.

...

I invite a reference to my letter R.C.112475/52-X6 dated 16-7-1952 addressed to Government a copy of which was sent to the Board with the reference third cited. The Deputy Registrar, Mangalore has since submitted revised proposals for running a coconut-cum-palmyrah neera parlour at Mangalore under the auspices of the Adyar jaggery manufacturing cooperative society. The parlour will be located in the "Bandar" area (port area) so as to be within easy reach of the labour population. Neera will be sold at the parlour from 7.30 A.M. to 10.30 A.M. in the mornings and from 3.30 P.M. to 6.30 P.M. in the afternoon. To enable the society to supply neera to the parlour both in the mornings and in the evenings it should be exempted from the provisions of Rules 7 and 8 of the Madras Sweet Toddy Rules 1939 and permitted to tap sweet juice in the afternoon between 2 P.M. and 4 P.M. also and to sell the sweet juice between 3.30 P.M. and 6.30 P.M. The neera required for the parlour will be obtained at Kankanady 2½ miles from Mangalore where there are about 400 palmyrah trees in a compact area of which nearly 150 trees can be tapped by the tappers engaged on daily wages. The neera will be transported in cans on city buses which ply very frequently on the route. The palmyrah trees yield only for six months in a year. With a view to run the parlour all through the year it is proposed to take on lease 150 coconut trees also in a tope in Kulur which is at a distance of 5 miles from Mangalore for the supply of neera during the remaining six months. There are city buses running between Mangalore and Kulur also and the neera can be transported easily from the production centre to the parlour. The parlour is thus expected to sell about 225 Madras Measures of palmyrah neera per day during the palmyrah season and 150 Madras Measures of coconut neera during the remaining part of the year.

2. The economics of the proposal is furnished in the statement enclosed. The society will engage two Managers, one for the management of the parlour at Mangalore and the other for the supervision of the tapping operations and extraction of neera at the production centre. One

(P.T.O.)

server and one cleaner will be engaged at the parlour and 10 tappers for tapping the trees at the production centres. The society will have to purchase 20 G.I cans of 25 Madras Measures capacity for transporting neera. They cost Rs.200 at Rs.10/- per can. It requires furniture like tables and chairs, glasses etc. which will cost about Rs.160/-. It will therefore have to incur a non-recurring expenditure of Rs.360/- for running the parlour. Though the parlour is expected to work with a profit of Rs.4,885 per annum, it cannot be guaranteed that the neera produced every day can be disposed of in full. If any quantity is left unsold it will have to be converted into jaggery or destroyed. Thus the society may not realise the anticipated profits if the neera produced is not sold entirely. It is therefore necessary that the society should be given some encouragement to undertake the venture by granting a Government subsidy of Rs.360/- to meet the non-recurring expenditure towards the cost of cans and furniture.

4. If the Board supports the scheme, Government may be addressed to approve it and sanction the following.

i) permission to tap coconut trees in the Kulur village and palmyrah trees in the Kankanady village in the South Kanara District for consumption as beverage,

ii) permission to sell palmyrah and coconut sweet juice in the neera parlour at Mangalore between 7.30 A.M. and 10.30 A.M. in the mornings and from 3.30 P.M. to 6.30 P.M. in the afternoon;

iii) permission to transport and stock 300/Madras Measures of sweet juice every day;

iv) permission to tap palmyrah and coconut trees at the respective production centres between 2 P.M. and 4 P.M. also; and

v) a subsidy of Rs.360/- towards non-recurring expenditure to the Adyar jaggery manufacturing cooperative society to meet the cost of cans and furniture required for running the parlour.

Memorandum No. 93110 S.I/51-1 dated 12/11/52

Sub:- Prohibition - Amelioration - South Kanara dist. - Opening of a Neera Parlour - proposals.
Ref:- From the R.C.S. copy of letter No.Rc.128444/51 X6 dated 13-9-52.

...

In connection with the opening of a Neera Parlour in South Kanara District, it has been suggested to Govt. that since the Adyar Jaggery Manufacturing Coop. Society is already engaged in jaggery manufacture, it should not be difficult for the society to spare cans etc. from its stock and purchase the balance of utensils necessary from its funds especially when the proposed Neera Parlour will be profitable to the Coop. society Govt. therefore consider that the ~~proposed subsidy~~ to the society ~~is~~ does need a subsidy not ~~necessary~~. The R.C.S. is requested to re-examine the question and state if the Adayar

Jaggery Manufacturing Society or any other society in South Kanara cannot start ~~the~~ a parlour without any assistance from Govt.

Sub: PROHIBITION - Issue of liquor permits - Liberalisation and opening of 'Neera Parlour' in the S.Kanara district Request.
Ref: From Sri.L.C.Pais, B.A., B.L., M.L.A., letter dated 27-8-51.

--

Please see the letter from Sri.L.C.Pais, B.A., B.L., M.L.A. on pp.1-2 c.f. He has suggested for the consideratio of the Govt. the following two proposals:

1. Liberalisation of the rules regarding the issue of liquor permits in South Kanara district.

2. Extension of the 'Neera Parlour Scheme' to other areas in this state especially S.Kanara district.

ITEM 1 ABOVE.: It is submitted that the question of liberalising the issue of permits to older persons of the better classes of the Roman Catholic Community in S.Kanara district has already been suggested to the Govt. by the Commissioner of Prohibition. Govt. have examined this question. The rules in force in the Bombay State regarding the issue of liquor permits were also obtained and examined. It was finally decided that the question may be referred to the committee on Prohibition to be appointed by the Govt. ~~However~~ The to make (its) Prohibiti committee ~~was~~ postponed to December 1951. It is also submitted in this connection that on an appeal in the High Court by Dr. N.S.Reddy of Rajahmundry against the orders of refusing him a liquor permit by the Govt. ~~xxxxxxxxxx~~ the Advocate General has requested the Govt. to reconsider the question and to grant him a permit. ~~The question is separately under consideration~~. The Policy of liberalising the issue of licuor permits has also been raised in that file it is separately under Consideration. In the circumstances no action is called for on this point. at present.

ITEM 2 above: With reference to the suggestion of M.LA. that the neera scheme may be extended to S.Kanara district, the Board of Rev. and the R.C.S. ~~may~~ may be consulted in the first instance. A draft memo is submitted.

The file deals with the question of opening a Neera stall at Mangalore.

The R.C.S. has submitted a proposal to run a cocoanut-cum- palmyrah neera parlour at Mangalore und the auspices of the Adyar Jaggery Manufacturing coop. society. The parlour is to be opened at the port ar The neera is to be sold both in the mornings and eve-nings. Nee a tapped from trees in the suburbs of Mangalore are to be carried by the city buses to the parlour. As palmyrah trees yield juice only for 6 mm months in a year cocoanut trees are also to be tapped According to the caculations of the R.C.S. there is a profit of Rs.665/- per annum. However he himself has stated that if the neera produced is not sold entir the anticipated profits may not be realised. The R.C.S. has requested the following:-

1. permissionx to tap cocoanut trees in the Kulu village and palmyrah trees in the Kankanady village i S.Kanara dt. for consumption as beverage,

B

2. Permission to xxx sell palmyrah and cocoanut sweet juice in the neera parlour t Mangalore between 7.30 a.m. to 10.30 a.m. in the mornings nd from 3.30 p.m. to 6.30 p.m. in the afternoon;

3. Permission to transport and stock 300 Madras Measures of sweet juice every day;

4. Permission to tap palmyrah and cocoanut trees at the respective production centres between 2 p.m. a 4 p.m. also and

5. A subsidy of Rs.360/- towards non-recurring expenditure to the Adyar jaggery manufacturing coop. society to meet the cost of cans and furniture requir for running the parlour.

A

The remarks of the Bd. of Rev.(Ex) may be peruse at pp.11-12 c.f. It has stated that the yield of juice per tree calculated by the R.C.S. is not very reliable. It has stated that in case the trees are capable of yielding only a normal yield, there is no

Para 2 supra

prospect of securing any profit. It has also pointed out that less number of tappers may be engaged for tapping cocoanut trees as the labour involved is less than in the case of palmyrah trees. The Board has also stated that the cans should be sealed while they are being transported from the production centre.

The Board has recommended that the scheme may be sanctioned with a subsidy of Rs.36 /- and necessary exemptions applied for as it is to be tried only as an experimental measure. If the scheme is sanctioned the Bd. has promised that a report will be obtained from the local officers, after it has worked for two months with a view to study whether it would be necessary to continue the parlour till the end of the one year period.

For orders whether the Board's recommendation may accepted. Finance may see before circulation.

Finance (Exp.A) Dept.

Please see the notes on pp.3-4 above.

The remarks of this deptt. are called for on the proposal to sanction a subsidy of Rs 360/-to the Adyar Jaggery Manufacturing Cooperative Society, ~~Vengalore~~ to meet the cost of cans and furniture required for running the proposed Coooanut-cum-palmyrah neera parlour at Mangalore.

ADDITIONAL DEPUTY SECRETARY TO GOVERNMENT 78263 25 OCT 1952 FINANCE DEPARTMENT

The parlour to be started by the Society is expected to work at a profit. It is not known whether the Society cannot afford to meet the cost of cans and furniture to be purchased for the Centre. If the Soceity's financial position is satisfactory there is

FIRST ASST. SECRETARY TO GOVERNMENT

DEVELOPMENT DEPARTMENT

no justification to give a subsidy for an enterprise which is expected to be profitable. The Society is engaged in Jaggery manufacture. It can spare some cans etc. from its existing business and purchase the balance required from its funds: Finance may therefore advise against the subsidy

Dest (SI)

Notes from ℘ 3 above may be perused Finance dept. have advised against the grant of subsidy to the jaggery society for starting a neera parlour. In the circumstances it is for orders whether the RCS. may be asked whether the Adyar Jaggery Society is prepared to run the parlour without subsidy and if not to suggest any other society which can run the parlour without subsidy. Subject to orders a draft memo is submitted below.

Notes from p. 3 above may be perused. The R.C.S. has submitted a proposal for starting a neera parlour at Mangalore under the auspices of the Adyar Jaggery Mfg. Coop. Society. The R.C.S. has requested that the concessions ~~conditions~~ mentioned at P. 3 above may also be granted. The Bd. has agreed for granting these permissions. The Adyar society was since agreed to run the parlour without any subsidy from the Govt. In the circumstances, the proposal of the R.C.S. may be accepted. and if so whether the Board may be asked to submit a Report after three months' working of the parlour. Subject to orders a draft order is submitted below.
